Reply to Ahmedabad Collector's Letter No. 4944 dated 7th -- October 1908.

No, 6966 of 1908.

Dharwar, 14 October 1908.

The Political Agent, Dharwar presents compliments & has the honour to point out that the State of Savanur should receive back the full sum of Rs, 8,000/. from Mahabub Bagum's husband and therefore the borrower should bear the discount of Rs. 2-8-o. The accounts should be corrected accord--ingly, it seems; and it is requested that this may kindly be done.

No. 4944 of 1908.

Ahmedabad, 7th October 1908.

From

J.H.E. Tupper Esquire, I.C.S. -

Ag. Collector of Ahmedabad.

To

The Collector & Political Agent,

Dharwar.

Sir,

With reference to your No. 4089 dated 13th June 1908, I have the honour to inform you that the debt in the ward's account stands at Rs. 5997-8-0 as previously intimated. The difference of Rs. 2-8-0 due to the discount being paid while cashing the Hundi of Rs. 8,000/- sent by the Savanur State, The net amount of Rs. 7997-8-0 was credited in the accounts of this estate in 1905.

Repayment of Rs. 1,000/. in each of the years 1906 & 1907 was made. ~~Ra~~ The balance outstanding is therefore Rs. 5997-8-0.

It is therefore a question as to who should bear the expenditure on account of the "Hundi" . If the drawer is to bear it ,-- ~~thexaxxxxxxxx~~ then the amount credited in the account of the estate here, is correct. If it is decided that the payee should bear it, the accounts here will have to be corrected , so far as relates to the difference of Rs. 2-8-0.

Sd/. J.E.C. Tupper.

Ag. Collector.

" " " V. G. Wimbalkar

" " " Vasudeo " "

" " " " dated 22. 4. 09 praying that their pay be raised to Rs 12 as in British Estts. to Rs 15

P. 252

30/4/09

Submitted with compliments to the Pol. Agent Sawantwadi for favour of orders

2. M.S. is told that the above request was orally conveyed to P. A. at his last visit to Sawantwadi and that the Chitnis Saheb has taken notes necessary for considering the matter.

3. None of the posts (except those of Inam Kent to the State from British service) is pensionable, and considering the general rise in prices which threatens to be permanent the re-

great of the applicants deserves favourable consideration. The Karkuns in this state are called upon to do all the duties which men of their grade perform in Taluka Kacheris and they perform them intelligently.

4. The concession if granted will involve an additional annual cost to the state of 4 × 3 × 12 = Rs 144 and undersigned is respectfully of opinion that the expenditure will not be misplaced.

5. The only question is whether it would be fair to saddle the state with this cost. Usually as the state will shortly be handed over to the Nabob on his majority. The applicants are however ready to take the risk if till then they be allowed to benefit by an additional Rs 3 per month. It is not probable that the Nabob will disturb an arrangement which is calculated to bring contentment & efficiency to his revenue establishment at such small cost.

Thro' the A. P. A.

[illegible]
[illegible]

No. 206 P.S.

Camp Belgal 23/5/09.

Forwarded with compliments to the P.H. Secy. State.

The petition suggests the wider question of a revised estimate of the principles on which the State budget is framed. At present the amount spent by the State P.W.D. is very large. Thus there is (or soon will be) a dispensary in every village of the State; there is good water supply in every village; there are schools in villages which I should think perhaps small for them in Br. territory. These results are excellent, but when one compares them with the state of affairs in Br. territory, one begins to wonder whether the P.W.D. is not getting an undue proportion of the revenue of the State. I went into the budget works here & pointed out to the Diwan that some of them - such as pulling down the Hds back garden wall & putting it up again - were quite unnecessary. Other works which I did not object to seemed to be useful but not in the least urgent. It is possible that money might be spent profitably on local & expensive irrigation schemes but

don't think the State is getting sufficient value out of a good deal of the P.W.D. expenditure at present.

On the other hand, the pay of establishment is on a much smaller scale in the State than in the Br. territory. Thus up till the other day, the chief school master here, the only person all correspondence relating to the schools of the State passes was getting only Rs 25. The educational authorities have submitted extensive proposals & the pay of the masters will gradually be brought to a proper scale. I hope increase of pay might also be given in the other depts of the State. An even more beneficial change than increase of pay might be the institution of pensions. In my opinion plenty of money for increasing the pay of the various depts can be found by diminishing the P.W.D. budget. In making these proposals, I do not forget the probable increase in the expenses of the Nawab in a few years' time.

To come to the present case, the Karkuns seem to me to deserve better pay. It is true that they have not the same qualifications as Karkuns in Br. service, so I do not see that Rs 15/- should be made a minimum pay, but I do think that after 5 years service it is time to raise the pay from Rs 12 to Rs 15 more especially so it is not a pensionable service. If this meets with the Ld's approval, orders for increase pay will be made in next year's budget.

The remarks abt the dearness of food do not matter; grain compensation allowance is the proper remedy for high rates & not increase in pay.

Sd/- G. Leathem.

Copy of Political Agent's no 1231

dated 12-8-09 to the address of the

S. D. Commissioner

I have the honour to submit a

Correspondence (to be kindly returned when

done with) ending with Assist: Pol: Agent's

No 459 of 4-8-09 stack for sanction

to the following proposals :-

2 Mr Turner's list has to be studied

with the Divan's of July 1909. The latter

gives the history of the services

present men. It is true that the

Navale will attain his maximum

in a little over two years;

but that seems to be no reason

why the establishment should

not be reorganised at once.

I agree with Mr Turner about

pensions; and it will of course

be open to the Naval to introduce

changes hereafter: our action cannot

bind the Naval in any way

3. For '1st clerk' in Mr Turner's

list I substitute '2nd Karkun', and

20 or. I would put No 8 on the

main list last and no 11 2nd last

For these two I think Rs 12 rising to Rs 15 by annual increments will suffice. For the rest I accept Mr Turner's proposals. It will be seen that No 10 (the measurer) is now 59 years old. He will be on Rs 15 rising to 18 and must be styled measurer.

The question of appointing a circle superior on Rs 25 to 35 for Record of Rights works will probably arise soon.

Subject to what has been said above I agree generally with the remarks made by Mr Turner in the middle of his 3rd and the latter half of his 4th para

5 Any changes sanctioned will be ~~bro~~ brought into force from September 1st next if possible.

Commissioner's reply to the above.

No Poll - 230 of 1909.

Belgaum 25 August 1909.

Mr Turner's proposals as modified by the Political Agent are sanctioned.

The Pol: Agent is requested to state how it is proposed to meet the increased cost.

[illegible]

Estt.

No 459 of 1909-10
Dharwar 4-8-09.

To.

The Pol. Agent Dharwar

Sir,

I have the honour to submit to you the Correspondence ending with the Savanur Diwan's — no 503 of 26-7-09 regarding the ~~sch~~ scale and pay of the state clerical establishment.

(2) I am inclined to agree with Mr. Leatham (vide his no 206 dated 3-4-09 in the Correspondence

that the time has come to consider the question of a revision of the Estt. The present scale of pay appears to me to be far too low in consideration of the rise in the cost of living of late years, and the fact that in all Departments of the public service the necessity of raising the scale of pay at any rate in the lower grade has already been

recognised by Govt. It is true that the present staff have not got the qualifications which are demanded of candidates for service under the British Govt, but in the interest of the state it is desirable to attract a better class of men in the future; while at the same time, we have to remember that service in the Savanur state is nonpensionable. I am

am

I am not in favour of the introduction of a pension system. Pensions are apt to become a very heavy burden on a state with limited resources, and owing to the uncertainty of human life it is not possible to calculate exactly how great the burden is going to be during any given course of years.

Further I think that in a native state it is advisable that pensions if given at all should be given as a matter of grace &

& not of right. The staff must look to the Chief, when he comes to the gadi as their protector and it must be left to his discretion to grant any old & tired state servant a pension on retirement, if the servants services merit such treatment: On the other hand, if an improved scale of pay and promotion be given now to ~~this~~ the staff; they are likely to work with more zeal and contentment, & if were

will

will be to the advantage of the Navab himself, when he comes into his own, to find a sound system of pay and promotion in existence. Further if a regular scale be laid down once & for all, it will be possible to calculate from the begining the exact burden which will be laid upon the revenues of the state for establishment charges.

3 In view of the very limited extent of the establishment, & the ~~a~~ consequent slowness of promotion for the ~~Clerks~~ the system which I propose to introduce would be one similar to that in vogue in almost all municipalities in British territory. I propose that there should be one post of a head clerk and ~~then~~ the junior clerks should be
be.

be designated first, second &
so on according to their grade
and that a minimum and
maximum pay for each grade
should be provided. If this be
done, the pay will be personal
& the work in the office can
be distributed according to the
capabilities of the men & general
~~Gous~~ convenience. It should be
laid down from the start that
the increment will only be given to

to the actual ~~incu~~ incumbent

provided his work during the preceding

year has been found satisfactory. I

also propose that the pay of the lowest

grade should be raised from Rs. 12 to Rs. 15

at once as has already been done

in all departments under the British

Govt. The same reasons for the

increase which applied in British

territory apply with equal force

in Sarawak State & I do not

think that it will be possible

to withhold the concession any longer. Otherwise we shall not be able to obtain men for the posts.

(4) The results of my proposals are shown in the accompanying statement. The present total cost of the establishment and proposed total cost work out as under-

Present Cost		Proposed monthly Cost		Proposed annual Cost	
Monthly	Annual	Minimum	Maximum	Minimum	Maximum
Rs 205	Rs 2460	211	Rs 255	Rs 2532	3060

Thus assuming that at any given time all the clerks were drawing the proposed maximum rates of pay the total additional burden on the state Revenues would be Rs 600 per annum only - I do not think that this can be regarded as a very serious increase in the cost of administration in proportion to the benefits which both the Clerks are likely to derive from the increased scale of pay, & which, we may hope, will ~~accrue~~ accrue to the state & itself by a steady improvement

in the qualifications & work of the staff. It should be understood that promotion up to the rank of first clerk should ordinarily be given by seniority, but it should be laid down from the first that if any clerk's work is not satisfactory or if he is not so well qualified as his juniors he will be kept in his existing grade when a vacancy above him occurs & one of his juniors will be promoted to the higher grade over his head.—

It should also be understood that if a man is already drawing the maximum pay of his post when he is promoted he will continue to draw the same rate in his new post & ~~so~~ will only be entitled to increment up to the maximum of his post i.e. if the fourth clerk be drawing Rs 22 when he is promoted to third clerk he will start in his new post on Rs 22 & will be entitled to one annual increment of Rs 1 up to the maximum of Rs 23 & so on

Also all existing incumbents should

a start on their present rate of pay if the proposed minimum is less than the actual present rate

(5) I have not yet had an opportunity of acquainting myself with all the details of the state administration, but from what I have seen of it I am disposed to agree strongly with Mr Leathem that there has been & still is a tendency to extravagance in the P. W. Department. It will in my humble opinion be far better to incur ~~an~~ additional annual

expenditure by introducing a really satisfactory scale of pay & promotion for the staff, than to spend money on unnecessary bricks & mortars which involve a constantly increasing burden in the way of current repairs.

The system which I have proposed is the best that I can devise but I have no doubt that it has drawbacks & imperfections in it & will need a certain amount of revising & consideration. But I trust that you will be prepared

to accept the main idea that in order to make service in the state more popular, & to secure contentment among the staff it is essential to introduce some scheme for improving the rate of pay & promotion among ~~for~~ the clerks even if my scheme be not accepted.

I have the honour to be

No 588 of 1909-10.

Dharwar 20-9-09

To,

The Divan of Savanur.

Memo.

The Undersigned is informed that a sum of Rs 525 was handed over to Chandani Begam at the time of her marriage for the purchase of a dhamni and pair of bullocks for her use. Undersigned is further informed that the purchase of the dhamni and bullocks has not been made, because no stabling has been provided in the Compound of the bungalow built for the Begam, and there is no place where the dhamni and

and

and bullocks can be kept. The Divan is requested to report whether this is the case, and if so why no stabling was provided; and whether it can be provided now, and if so at what cost?

(2) It appears also that — running through the compound of the bungalow there is an open drain which carries off all the drainage from the houses in the Sirkar Mahal and which is most insanitary especially as it

it flows by the wall of the kitchen. The Divan is requested to look to the matter at once, and see if the drain cannot be diverted so as not to flow through the compound at all.

W D Lumsden.

The Overseer is requested to consult Mr Kalyanakrishna as to what his requirements are & what the

proposed that cattle shed & Gadkhana should be built. The Police informed that this will be done at his cost

R. C. Wallis
Dewan

No. 340

Sarawan 9 Oct 1905

Respectfully returned:-

2 Stable sufficient for about six animals & Dhanni House for one Dhanni together will cost not less than Rs 200, if they are erected on the site proposed by Mr. Mahomed Akbar-Khansahib, to the West of the main building. The cost of the building to be erected will be more or less than the above amount, according to the condition of the selected site.

3 There are two drains, flowing through the

the compound of this house
one catching rain water from
the desolate portion of
mahal building & the other
catching water from the
back yard of neighbour
-ers.

4 None of the drains
can be diverted, so as
not to flow through the
compound at all.

5 Rear wall in
the kitchen seems ra-
ther damp, as the ground
beyond the rear wall is
higher & in order to
get rid of dampness,
lime plaster to the hei-
-ght of 4 ft of the wall
above the floor of the
kitchen can be pro-
-vided at a trifling
cost.

No 7389/1909 –

The A.P.A.

Sir,

With reference to your memo No (above) I have the honor to enclose copy of the ~~[illegible]~~ letter from the Director to report as follows

2) All the belongings of the marriage Chandni Begum & her mother were handed over to ~~[illegible]~~ & they were asked to make their own arrangements for the purchase of a cart & a pair of bullocks.

3) No special provision provided to the Bungalow as there were no funds.

4) Cart has been now at a cost of Rs 20 as reported by the Director

It must be noted here that the site proposed by Mr Mahomed Akbar Khan is quite close to the Bungalow & is objectionable from a sanitary point of view. There is ample space in the compound of the

Bungalow & the stabling

4. The drains cannot be diverted. They involve easement rights. A similar proposal ~~complained~~ was made to Mr Painter but it was shelved as unfeasible.

12-10-0

Thanks &c,

J. Pth

Please retn

Dt. Dewan Sar

No 540 of 25/1/10 of the State Overseer submitting Ests No 147 for Rs 105 for latrine.

No 127 of 15/10 12/2/10

Forwarded with compliments to the A.C.R. for favour of approval.

The matter was delayed, pending the settlement of the sites for the Sadikhana. The husband of the Begum proposed a change of site for the Sadikhana. The question was discussed with the Begum personally. She is agreeable to the site proposed & approved by the Ad. A for all the works.

3) An Est. has been made for a portable latrine, so that it may be removed to any convenient place, if the present site is required for any other purpose. A latrine with walls & roof may as well be provided within the same amt. Orders are solicited as to what latrine shd be provided.

4) It will be seen from the enclosed Yadi of the husband of the Begum, that the Begum is not agreeable to allow access to the Bhangi (thro the gate of her bungalow) for service in Mr. Majidkhan's compound. The only alternative is to ask Mr. Majidkhan to have a pit privy at the opposite corner of the compound of his house vide his Yadi enclosed.

5) As the financial year is drawing to a close ~~plan~~ provision will be made for all these works in the next budgets. On rect. of the estts. approved the works will be started so that they may be completed before the rains.

Dy. Diwan Sahb

No 121 of 1910. 17/2/10. PWD

Return.

2) The estimates are duly sanctioned. The works shd be entered in the next year's Budget & completed before the Rains especially the drain.

3) As regards the latrine the estimate for Rs 105 appears to be for a portable latrine only. Is another latrine really needed, & if so, which will be its cost?

4) As the Begum-saheb is not willing to allow the Bhangi access through her ~~pate~~ compound to Mr. Ahmad Khan's compound the only thing to be done is to make Mr. Ahmad Khan to close the present pit privy & erect one in the opposite corner of the compound in order suggested by the Divan. It shd be ascertained whether Mr. Ahmad Khan is willing to make this arrangement.

Sd. C.W.A. Jones
Asst. N

No 157 of 21/2/10.

Recd & fwd to the Overseer

2) Provn shd be made for a latrine in the next Budgets.

3) The cost of a latrine in the approx of viz the north eastern corner [illegible]

Bungalow compound shd. please be estimated & reported.

4) Attention is called to para 2 of the A.S.A's orders. The works shd be started so as to be completed before the rains.

5) The estimate for the drain has been fd. with this office No. 154/21/2/60.

Please refer.

Dy. Divanshab

No 629 of 10. 11/3/60.

Rept. will complts to the Divanshab Sur. state as desired.

2) Proon for the works in question has been made in the next Budget.

3) The cost of a latrine in question will be Rs 116/-.

4) As A.S.A's para 2 to complete the works before the rains has been noted.

Sd) R.R. Inamdar.
overseer Sur.

Will complts No 23 of 10.
Fd to the A.S.A. 31/3/60

2) There is already a latrine to the south west of the compound of the Begum's Bungalow. Another latrine to be constructed in the north eastern corner of the compound as per A.S.A's orders, may be either portable or pakka. The one will cost Rs 105 & the other Rs 116, as will be seen from the overseer's report. Orders are requested as to which latrine shd be provided. Elp thinks a pakka latrine is do.

3) Amajikhan's letter is enclosed. He is willing to see a pit privy opened (in place of the existing privy) in the corner of the compound provided he is allowed to call to the west of his compound this again is the matter.

The open site of to the south of the house

of Khr Majid Khan wh. appear to be state property? the erection of a wall as proposed by the Biradar Nawab would have the effect of converting what is supposed to be state property into private property.

Dwarka

No 202 of 4/4/10.

Retd. with compts.

2) as there seems to be a likelihood that this matter will not be settled at once, it may be as well to get a portable latrine instead of a pakka one. It can be erected at one moved subsequently, if necessary.

3) as the Ag has not personally seen the site he is unable at present to offer any suggestions as to the demand of Khr Abaji Khan.

4) when the Ag visits Sar. perhaps some conclusion may be arrived at.

Sd L. Hardy

Abdul Majid Khan

Below the application of Venkoji Nimbalkar, dated 7th October 1909 made to the A.P.Ag. through this office, requesting to grant him promotion, what is granted to Karkun Vazirulli, his junior, at the time of revision in pay of the Divan's Establishment.

(Est A)

No. 158 of 1909.

Forwarded with compliments to the A.P.Agent for favour of orders.

2) The applicant is an old servant of the State & is Maratha by caste. He is far more senior to Vazirulli both in service & grade.

He has served the State in various capacities, as peon to the Divan & Nawabsaheb, as apprentice in the Sawanur Dispensary, as hussabel to the present Nawab at Rajkot, as Naisby P.W.D. & lastly as Karkun in the Divan's office. His services

began in 1879 & he was made Karkun in the Diwan's office in 1907.

Mr Vazirali was a candidate in the Diwan's office & was appointed to a permanent Karkun's post on 26-6-09.

Both have passed no examination

3) In this connection reference is requested to the list of Karkuns submitted with this office No 503/26-7-09 & to correspondence dealing with the A.P. A.'s No 596/25-9-09.

The applicant was apparently compared with only No 11 in the list. The case of the Incumbent, No 16, has been separately considered. The question of rank for purposes of promotion has, therefore, to be considered as between Nos 7, 8, 9 & 11 who are all Karkuns on Rs 12.

According to seniority & grade they stand in the following order.

(a)

No 11 Rajerao Subbarao 3
No 8 Venkoji Nimbalkar 1
No 7 Shesho Hanumant 2
No 9 Vanjirulli 4

(b) No 7 Shesho Hanumant
2nd last No 11 Rajerao Subbaji
last No 8 Venkoji Nimbalkar
No 9 Vanjirulli.
respectively.

4) The names of the Measurer (No 10) & the Stamp Vendor (No 11) were given last in this office list, because they represented different sections of the Diwan's Establishment.

The claims of the applicants the U's humbly thinks, are more superior at any rate to those of Mr Vanjirulli who was only lately appointed to a post in the Diwan's office
